

DEPENDENT CARE ADVANTAGE ACCOUNT WORKSHEET

To help you plan the amount of your DCAA contribution, use this worksheet. You may want to look at what you spent on dependent care last year before making your decision.

If you are enrolling during the open enrollment period, use the chart below to estimate your expenses for the plan year. If you are joining the program with a change in status during the year, use the chart to estimate your expenses for the remainder of the calendar year. Remember that your calculated amount cannot exceed the calendar year limits established by the IRS.

Table with 2 columns: TYPE OF EXPENSE and AMOUNT PER YEAR. Rows include Child Care Expenses (Babysitter, Daycare services, Nursery school, Before/after school care, Summer day camp), Elder Care Services (Adult daycare center, Disabled dependent care, Other expenses), and Total Expenses.
